

Catholic Community Foundation for Eastern South Dakota

Grant Application Summary

April 28, 2022

Total Grant Requests - \$78,218

Total Funds Available for 2022-2023 Fiscal Year - \$100,388

- **Catholic Charities for the Diocese of South Dakota: (\$50,000)**
 - Seed money for Catholic Charities that would serve as an animator, collaborator, and inspiration to carry out the corporal works by partnering with existing ministries and fostering the Catholic “ethos” present at many of their conceptions
- **South Dakota Catholic Conference - Campaign against recreational marijuana: (\$9,250)**
 - Support SD bishops to oppose recreational marijuana that is on the ballot in November through a project that will include a communications campaign, educational summits for a coalition of faith leaders, and the engagement of a policy expert
- **Mission Blueprint - Men’s Conference: (\$8,000)**
 - To provide a one day conference that helps men become the spiritual leaders of their family. This is done through keynote speaking testimonies and fellowship
- **John Paul II School - Sound system: (\$5,000)**
 - This project includes equipment and installation for speaker systems in both the school’s gym and multipurpose room. It also includes an acoustic treatment in the gym.
- **Lumen Christi - Family Nights: (\$3,500)**
 - Funding to offer a summer internship to a young adult that would be charged with getting monthly Family Nights prepared for the 2022-23 academic year
- **Risen Savior Parish - Catechesis of the Good Shepard Training: (\$2,468)**
 - Seeking funding to help mitigate the cost of hosting the second part of a Level 1 Catechesis of the Good Shepherd Formation Course June 9-15, 2022 that is available to all those interested

Application for Financial Support

All applications must be submitted to the Catholic Community Foundation by: March 1 or September 1

PROJECT DATA:

Project name: "Catholic Charities" in the Diocese of Sioux Falls

Brief summary of project: Bishop's Leadership Team has proposed the erection of a Catholic Charities
in the Diocese of Sioux Falls. The entity would serve as an animator, collaborator and inspiration
to carry out the corporal works by partnering with existing ministries and fostering the Catholic "ethos"
present at many of their conceptions. We're seeking seed money to help start this initiative.

Ministry/project sponsor: Catholic Diocese of Sioux Falls

Address: 523 North Duluth Avenue

Date submitted: March 15, 2022 Telephone: (605)988-3776

Amount requested from Catholic Foundation: \$50,000

Printed name and signature of ministry coordinator / organization CEO:

<u>Emily Leedom</u>	<u><i>Emily Leedom</i></u>	<u>Executive Director of the Lourdes Center and chair of adhoc committee from Bishop's Leadership Team</u>
(printed name)	(signature)	(title)

Signature of organization's board chairperson, or pastor/bishop:

Charles J. Maty Chief of Staff, Diocese of Sioux Falls

(If applicable, please attach list of organization's board members or governing board.)

Ad hoc committee members: Matt Althoff, Chancellor; Mark Conzemius, President of the Foundation; Twila Roman, Director of Human Resourcing; Father Andrew Young, Vicar General; Father Scott Traynor, Vicar for Lay and Clergy Formation; Emily Leedom, Executive Director of the Lourdes Center

SUPPORTING DATA AND RATIONAL:

It is acceptable to provide responses on a separate sheet.

1. Description of project:

(What is the ministries intended purpose? How will the ministry achieve its goal?)

Please see attached proposal.

2. Expected results/benefits of the ministry's project:

(How will project be evaluated? How many people will be served? Anticipated long-range benefits? How will project benefits be shared with others?)

Please see attached proposal.

3. Financial analysis of project including how project is included in budget: (You may wish to attach a proposed budget for income and expensing of this project's direct costs.)

We are budgeting \$175,000 for the first two years. This includes two FTE's and start up costs. The Diocesan CFO is currently working on the budget with plans to incorporate this as a budget item for 2022-2023. Our hope for this grant is to minimize the strain on the Diocesan budget to fulfill what we believe God is asking for here in the Diocese.

4. Alternative sources of current and future funding (be certain to note the status of other requests that have been made):

Current funding will be incorporated in the Diocesan budget for the first two years. Future funding would be secured through an integration into Catholic Family Sharing Appeal or a separate appeal. Additionally, we see opportunity for an endowment through the Catholic Community Foundation to support the ministry in perpetuity.

5. Expected date of project completion:

We hope to launch this initiative in Fall of 2022. This grant request would serve as seed money to launch the initiative.

6. Does the organization agree to submit a progress report if a grant is paid?

Absolutely.

All applications must be submitted to the Catholic Community Foundation by: March 1 or September

1. Please email Application & any additional information to mbannwarth@ccfesd.org or mail to:

**The Catholic Community Foundation for Eastern South Dakota
523 N. Duluth Avenue, Sioux Falls, SD 57104 ~ Phone: (605) 988-3788**

Proposal

Bishops Leadership Team
Charitable Works of the Church Ad Hoc Committee
Diocese of Sioux Falls

Meeting Dates: Oct, 26, 2021; Dec 4, 2021; Jan 4, 2022; Mar 1, 2022

EXECUTIVE SUMMARY

In the Apostolic Age we find ourselves, the Church must continue to proclaim the Gospel of Jesus Christ in both *word and deed*. Members of this proposing *ad hoc* committee have identified a diminishment of the Catholic *ethos* that was present at the genesis of much of the local charitable work carried out. We see this as a product of our culture and the lack of formation provided to the persons entrusted to lead agencies in operation today. We note that a good majority of the social outreach agencies operating across the diocese were originally erected by the Church to carry out, in deed, the gospel command to care for sick, feed and house the poor, clothe the naked, visit the imprisoned and care for the orphan and the widow. In light of the drift away from that *ethos*, we are left to presume it might intensify without active involvement on the part of the Diocese.

Therefore, this *ad hoc* committee, composed of some members of the Bishop's Leadership Team, proposes that a "Catholic Charities" concept would be erected in the Diocese of Sioux Falls in an effort to combat this concerning trend. The "Catholic Charities" entity would serve as an **animator, collaborator, and inspiration** for the carrying out of corporal works of ministry through existing social outreach providers. This entity will not duplicate existing ministries nor seek as a first option to create new ones.

CONCEPT

DIRECT INVOLVEMENT WITH MINISTRY

In acknowledgment of the trend in outreach ministries and the void that has been created with the Diocese withdrawing from direct involvement in these works, the position would do the following:

- "Catholic Charities" would cultivate and strengthen relationships with the outreach ministries already in existence in eastern South Dakota. The Director would serve on governing boards for essential operators in our community when their bylaws provide a seat that is reserved for an appointee of the Bishop of Sioux Falls. The individual would

also serve on the boards if/when invited by those Christian, nonprofits who are not under the authority of the Bishop of Sioux Falls.

- The entity would assume primary administrative responsibilities for St. Joseph Catholic Housing, the Diocese of Sioux Falls Outreach Ministry Property Corporation and Native American ministry. It would seek solutions through these works of the Diocese that better meet identified needs.
- The entity will work methodically to reinstate a Catholic *ethos* to existing ministries wherever there is receptiveness to this. The entity would use “benchmarking” to gauge progress.

PARISH EMPOWERMENT

Consistent with Bishop DeGrood’s expectation that the corporal works of mercy would be “parish-focused”, the following would be key areas of emphasis:

- The entity would work extensively with pastors to help inspire and develop strengthened partnerships between parishes and existing ministries wherever possible. That work with parishes would lead to consultative best practices for how parishes can establish and operate impactful outreaches to needs within their own parish.
- The entity would be responsible for assessing the conformity of works carried out by respective social outreach ministries with Church teaching. This would lend an essential confidence that parish support of a particular group or agency aligns to the priorities and means established by the parish under the Bishop’s/pastor’s pastoral leadership.
- Working through parishes, the entity would advocate for opportunities for parishioner engagement in the corporal works of mercy. In essence being a bridge between the needs of existing ministries and parish volunteers.
- The entity would work across eastern South Dakota - not just Sioux Falls - to help parishes respond to the needs within their communities.
- No one parish can take on the needs in their community. Collectively, as a diocese, this entity can inspire collaboration to more effectively respond to these needs. “Subsidiarity of love in action benefits from solidarity.”

FINANCIAL EMPOWERMENT

- The entity could eventually become the beneficiary of a Diocesan-wide appeal. Funds raised through the appeal could then be distributed to parishes and social outreach ministries seeking to carry out works in authentically-Catholic ways. This would serve as a Catholic response to the secularization of the United Way campaign.
- We would estimate the entity’s inaugural operating budget would be prepared to support two FTEs to begin (Director & Administrative Assistant.)
- The entity would be erected in a way that would give it flexibility for establishing grant-funded ministries.
- The entity would determine and distribute funds that are received by the CCFESD “for the poor and needy” to existing worthy ministries.

MISCELLANEOUS

-
- The entity would be separate in its legal construction from the Diocese (would need legal counsel on how best to structure this).
 - More consultation would be needed to determine whether the entity would pursue a “franchise” relationship with Catholic Charities USA.

SERVICE TO THE MISSION

Most compellingly, members of this BLT *ad hoc* committee see immense opportunity to further the mission of *lifelong Catholic missionary discipleship through God’s love* by supporting the temporal needs of the human person with a Catholic vision.

OPERATIONAL ADVANTAGES

In an effort to avoid duplication and streamline operations, we identify the following ‘thematic’ alignments and enhancements the establishment of the “Catholic Charities” ministry might bring to existing ministries carried out by the Diocese:

- Chancery: clarity in workload distribution
- D&E: vision in action (LLCMDTGL)
- CFS: clarity in workload distribution, discontinued “frustration” of the CFS mission that results from its historical involvement with outreach ministry
- Finance: greater and needed emphasis given to SJCH; legal separation; funding separation leading to decreasing reliance on the CFSA
- CCFESD: donor-directed giving (many Catholics have a desire to financially support these types of outreach ministries)
- HR: clarity in workload/purpose

“Catholic Charities”: a *proposed* ministry of the Diocesan Church

The Identified Problem

There is a clear diminishment of the Catholic *ethos* that was present at the genesis of much of the local charitable work carried out, particularly the larger facilities functioning in Sioux Falls while serving the greater, eastern South Dakota area. While many of the social outreach agencies operating across the diocese were originally erected by the Church to provide temporal aid while witnessing the Gospel, there has been a growing disconnect to the Church herself. In light of this drift away from that *ethos*, we are left to presume it might intensify without active involvement on the part of the Diocese.

The Proposed Solution

Therefore, the Bishop’s leadership team proposes that a “Catholic Charities” concept would be erected in the Diocese of Sioux Falls in an effort to combat this concerning trend. The “Catholic Charities” entity would serve as an *animator, collaborator, and inspiration* for the carrying out of corporal works of ministry through existing social outreach providers.

Primary Functions

1) Work methodically to invite the restoration of a Catholic *ethos* within existing ministries/agencies. 2) Cultivate relationships with existing outreach ministries and evaluate their activity’s conformity to Church teaching. 3) Raise funds through a Diocesan-wide appeal that would, in turn, be distributed to parishes and social outreach ministries seeking to carry out works in authentically-Catholic ways. This would serve to invite the restoration and could become a “Catholic response” to the secularization that has afflicted the United Way campaign.

Q&A

Q: What sort of programs would they offer?

A: This entity will *not* duplicate existing ministries nor seek as a first option to create new ones. Rather, the entity will focus on connecting parishes to existing outreach ministries.

Q: What’s the added benefit of the entity connecting parishes to outreach ministries?

A: The entity would be responsible for assessing the conformity of works carried out by respective social outreach ministries with Church teaching. This would lend an essential confidence that parish support of a particular group or agency aligns to the priorities and means established by the parish under the Bishop’s/pastor’s pastoral leadership.

Q: How will we pay for this?

A: The entity could become the beneficiary of a Diocesan-wide appeal OR be built into CFSA. The entity would be erected in a way that would give it flexibility for establishing grant-funded ministries.

Q: Would this be an actual “Catholic Charities” under Catholic Charities USA?

A: TBD. The proposing committee has identified pros and cons and is unattached to either outcome.

Application for Financial Support

All applications must be submitted to the Catholic Community Foundation by: **March 1 or September 1**

PROJECT DATA:

Project name: Campaign to oppose recreational marijuana ballot measure.

Brief summary of project: Proponents of recreational marijuana intend to ask SD voters to approve recreational marijuana on the November 2022 ballot. The SD bishops will oppose this measure. The project will include a communications campaign, educational summits for a coalition of faith leaders, and the engagement of a policy expert.

Ministry/project sponsor: South Dakota Catholic Conference

Address: PO Box 1205, Sioux Falls, SD 57101

Date submitted: March 4, 2022 Telephone: 605-351-5609

Amount requested from Catholic Foundation: \$9,250.00

SUPPORTING DATA AND RATIONAL:

It is acceptable to provide responses on a separate sheet.

1. Description of project:

(What is the ministries intended purpose? How will the ministry achieve its goal?)

The purpose is to defeat the legalization of marijuana in South Dakota, which the bishops believe would increase the destruction of individuals, families, and communities. An opposition campaign will focus on coalition-building among faith communities and non-profit ministries, several "Faith Leaders Summits" on marijuana in various cities throughout the state, and a communications plan executed via social media, earned media, and church communications channels. To accomplish the communications goals, the campaign will require the engagement of a communications contractor.

2. Expected results/benefits of the ministry's project:

(How will project be evaluated? How many people will be served? Anticipated long-range benefits? How will project benefits be shared with others?)

"Success" for this campaign is measured by the defeat of the ballot measure. All SD citizens — and perhaps most importantly, families — will be served. The known effects (based on data from other states) of marijuana legalization include increased rates of psychosis and mental illness, increased addiction and youth use, expansion of black markets, and a disproportionate impact on the poor and those least able to moderate the social harms.

3. Financial analysis of project including how project is included in budget: (You may wish to attach a proposed budget for income and expensing of this project's direct costs.)

Communications contractor: \$5,000

Faith Leaders Summits x3 SD cities: \$2,250

Subject-matter expert travel expenses x2 SD visits: \$2,000

4. Alternative sources of current and future funding (be certain to note the status of other requests that have been made):

The current SDCC budget does not include funds for this one-time project. No other requests have been made at this time.

5. Expected date of project completion:

November 8, 2022.

6. Does the organization agree to submit a progress report if a grant is paid?

Yes.

All applications must be submitted to the Catholic Community Foundation by: March 1 or September 1. Please email Application & any additional information to mbannwarth@ccfesd.org or mail to:

APPLICATION FOR FINANCIAL SUPPORT
page 2

1. Description of project:

The aim of the Men’s Conference named “Mission I.D. (Intentional Disciple)” is to implement Bishop DeGrood’s vision of making disciples. Mission Blueprint desires to help men become the spiritual leaders of their home, or in other words, the “priest of their home”. The Men’s Conference provides spiritual tools for men to become a disciple of prayer as well as the spiritual leader of their family through talks, testimonies and fellowship.

2. Expected Results/benefits of the ministry’s project:

The goal of the Men’s conference is to serve 100 men, but to effect generations of people. We know when Dad’s pray with the scriptures and take their faith seriously, the high majority of their kids will do the same. We need to get men to stand for their faith.

There will be a paper evaluation process near the end of the conference, but we think the best way to evaluate are the stories we hear.

3. Financial analysis of project including how project is included in budget:

MEN’S CONFERENCE BUDGET

Conference Site Rental	1800.00
Speaker/MC Fee’s	3000.00
Travel expenses/Hotels	1400.00
Conference Meal	800.00
Advertising	800.00
Meals (speaker/staff)	<u>200.00</u>
	\$8000.00

4. Alternative sources of current and future funding (be certain to note the status of other requests that have been made).

81.6% of our income is from donations, and 19.4% on conference fees and retreats. Like many businesses and ministries, Mission Blueprint was hit hard these last two years. We had a shortfall of \$27,000 in 2020 and a \$24,000 deficit in 2021. Our current projections for 2022 is a deficit of \$12,000. Any grants earned will directly impact our ability to continue these conferences.

5. Expected date of project completion

September 24, 2022

6. Does the organization agree to submit a progress report if a grant is paid?

Yes!

SUPPORTING DATA AND RATIONAL:

It is acceptable to provide responses on a separate sheet.

1. Description of project:

(What is the ministries intended purpose? How will the ministry achieve its goal?)

John Paul II School (JP II) provides physical space for its approximately 150 enrolled students, ministries of both Mitchell Catholic Churches, and youth/adult faith formation. The Mitchell parishes now share a pastor and in an effort to become "one Catholic family," the JP II school offers a common space for our Catholic community to gather for dinners, fundraisers, Bingo, and religious education events. During the day, JP II students and staff need a speaker system for assemblies, graduation, an speeches for contests. A speaker system will enhance the types of events that can be held in these spaces. Current events either go without a speaker system or utilize cumbersome equipment that requires manual set up, frequent troubleshooting and low quality output that can't be understood.

2. Expected results/benefits of the ministry's project:

(How will project be evaluated? How many people will be served? Anticipated long-range benefits? How will project benefits be shared with others?)

This project will benefit the approximately 150 students enrolled in PreK-6 JP II Elementary, the 250 students enrolled in K-12 Faith Formation, and parishioners of both Holy Family & Holy Spirit Catholic Churches. A summer festival held by both parishes in 2021 drew in approximately 500 parishioners. This project will impact parishioners of all ages and ministries.

Mitchell also serves as a regional location to host Diocesan-wide events, such as Diocesan-wide retreats, regional Confirmation ceremonies, and meetings. A speaker system would expand the spaces available for meetings, presentations, and breakout groups.

3. Financial analysis of project including how project is included in budget: (You may wish to attach a proposed budget for income and expensing of this project's direct costs.)

A detailed bid for the project is attached and is an estimated \$14,255. With enough initial commitment to sponsor this project, funding will be raised with the school's primary fundraiser in April 2022.

4. Alternative sources of current and future funding (be certain to note the status of other requests that have been made):

Confirmed: \$2,000 - Local Parishioner Pledge

Pending: Amount TBD, School Bids for Kids Fundraiser on April 22, 2022 from JP II Budget and Faith Formation/Religious Education Budget. Many church ministries support this fundraiser.

5. Expected date of project completion:

Summer 2022 in preparation for 2022-2023 school year

6. Does the organization agree to submit a progress report if a grant is paid?

Yes

All applications must be submitted to the Catholic Community Foundation by: March 1 or September

PROJECT DATA:

Project name: Lumen Christi Family Nights

Brief summary of project: We are looking to offer monthly family nights through the Lumen Christi missionary program throughout the 2022-23 academic year. We'd like funding to offer a summer internship to a young adult that would be charged with getting this initiative prepared for the year.

Ministry/project sponsor: Lumen Christi - Eric Gallagher

Address: 523 N. Duluth Avenue, Sioux Falls, SD 57104

Date submitted: March 15, 2022 Telephone: 605-988-3767

Amount requested from Catholic Foundation: \$3500

Printed name and signature of ministry coordinator / organization CEO:

<u>Eric Gallagher</u>		<u>Dir. of Mission Engagement</u>
(printed name)	(signature)	(title)

Signature of organization's board chairperson, or pastor/bishop:

(If applicable, please attach list of organization's board members or governing board.)

SUPPORTING DATA AND RATIONAL:

It is acceptable to provide responses on a separate sheet.

1. Description of project:

(What is the ministries intended purpose? How will the ministry achieve its goal?)

Our goal will be to offer nine monthly Family Nights throughout the 2022-23 academic. These would be opportunities for families to come together in their home for a night of fun and formation. It would start with 20-30 minutes of fun "live" programming online which would be followed by discussion and other ideas provided through online resourcing.

2. Expected results/benefits of the ministry's project:

(How will project be evaluated? How many people will be served? Anticipated long-range benefits? How will project benefits be shared with others?)

We would hope to reach an average of 50-100 families each month throughout this first year. This is a project we foresee continuing overtime and being made available not only to the people of the diocese but to anyone interested around the world.

Our desire is that it would be a life-giving and joyful experience for each family that participates.

3. Financial analysis of project including how project is included in budget: (You may wish to attach a proposed budget for income and expensing of this project's direct costs.)

These funds would be used to pay for a summer intern that would prep the content and materials for the entire year making it easy for our year round staff to execute it each month.

4. Alternative sources of current and future funding (be certain to note the status of other requests that have been made):

The rest of the "work" of the project would be managed by our current full-time staff throughout the year. We also expect that this project would generate more financial support to Lumen Christi and end up "paying for itself" after the first year.

5. Expected date of project completion:

May 2023

6. Does the organization agree to submit a progress report if a grant is paid?

Absolutely!

All applications must be submitted to the Catholic Community Foundation by: March 1 or September

1. Please email Application & any additional information to mbannwarth@ccfesd.org or mail to:

**The Catholic Community Foundation for Eastern South Dakota
523 N. Duluth Avenue, Sioux Falls, SD 57104 ~ Phone: (605) 988-3788**

Application for Financial Support

All applications must be submitted to the Catholic Community Foundation by: **March 1 or September 1**

PROJECT DATA:

Project name: Development of Lumen Christi Online Ministry

Brief summary of project: Beginning with the 2022-23 academic year, our year round missionaries will be offering online bible studies, weekly discussions, and more online. This request is to support the work of an intern that will get all of the programming and content prepared for the missionaries when they arrive in August.

Ministry/project sponsor: Lumen Christi - Eric Gallagher

Address: 523 N. Duluth Avenue, Sioux Falls, SD 57104

Date submitted: March 15, 2022 Telephone: 605-988-3767

Amount requested from Catholic Foundation: \$3500

Printed name and signature of ministry coordinator / organization CEO:

Eric Gallagher
(printed name)

(signature)

Dir. of Mission Engagement
(title)

Signature of organization's board chairperson, or pastor/bishop:

(If applicable, please attach list of organization's board members or governing board.)

SUPPORTING DATA AND RATIONAL:

It is acceptable to provide responses on a separate sheet.

1. Description of project:

(What is the ministries intended purpose? How will the ministry achieve its goal?)

Many of the young people around our diocese that desire to grow deeper in their faith feel alone in their faith. We've tested Zoom studies, online discussions, online book/bible studies with NET in 2020-21 and this past year with Lumen Christi and have found great success.

This next year we'd like to invest in this type of ministry to expand the reach of Lumen Christi around the diocese, especially to the young people in our more rural parishes.

2. Expected results/benefits of the ministry's project:

(How will project be evaluated? How many people will be served? Anticipated long-range benefits? How will project benefits be shared with others?)

We are anticipating 40-50 youth active in the weekly online programming, including online book/bible studies, weekly group discussions, 1-on-1 mentorship calls, etc.

Our hope is that this project will make the Lumen Christi ministry available to all in our diocese, not just the locations that are hosting them. As our missionaries meet these young people on retreats and throughout the diocese, they will have something more concrete to invite them to.

3. Financial analysis of project including how project is included in budget: (You may wish to attach a proposed budget for income and expensing of this project's direct costs.)

We do already have our budget and missionaries in place for the upcoming year. These funds would support the hiring of a summer intern that would do the "heavy lifting" in creating the resources needed, planning out the year, and setting everything up for the missionaries when they arrive.

4. Alternative sources of current and future funding (be certain to note the status of other requests that have been made):

We anticipate the ministry being a success and being able to utilize it to showcase the work of Lumen Christi, inspiring more financial support for the program and essentially "paying for itself" over time.

5. Expected date of project completion:

The intern will focus on the work for the 2022-23 academic year but we anticipate the project to be ongoing.

6. Does the organization agree to submit a progress report if a grant is paid?

Absolutely!

All applications must be submitted to the Catholic Community Foundation by: March 1 or September 1. Please email Application & any additional information to mbannwarth@ccfesd.org or mail to:

523 N. Duluth Avenue, Sioux Falls, SD 57104 ~ Phone: (605) 988-3788**

Application for Financial Support

All applications must be submitted to the Catholic Community Foundation by: March 1 or September 1

PROJECT DATA:

Project name: Catechesis of the Good Shepherd Level I, Part II Formation Course

Brief summary of project: Risen Savior Parish in Brandon, SD will be hosting the second part of a Level I Catechesis of the Good Shepherd Formation Course June 9th-15th, 2022. This course is open to anyone who signs up; it is not restricted to Risen Savior Parish parishioners.

We are seeking funding to help mitigate the cost of this formation course.

Ministry/project sponsor: Risen Savior Parish Faith Formation Program

Address: 301 N. Splitrock Blvd. Brandon, SD 57005

Date submitted: 3/7/2022 Telephone: 605-582-6902

Amount requested from Catholic Foundation: \$2468.00

Printed name and signature of ministry coordinator / organization CEO:

Rachel M. Uhrich Rachel M Uhrich Faith Formation & CGS Coordinator
(printed name) (signature) (title)

Signature of organization's board chairperson, or pastor/bishop:

Fr. Andrew L. Young

(If applicable, please attach list of organization's board members or governing board.)

SUPPORTING DATA AND RATIONAL:

It is acceptable to provide responses on a separate sheet.

1. Description of project:

(What is the ministries intended purpose? How will the ministry achieve its goal?)

Risen Savior Parish currently has a Level I and Level II Catechesis of the Good Shepherd Atrium serving children ages 3 through 11 years old. As the Parish looks to expand its capacity to serve more children using this methodology of catechesis, it is paramount that more catechists are formed in this catechetical approach. Risen Savior Parish currently has one fully trained catechist, and several that have taken the first part of the Level I formation course. That being said, there is a large population of children at the Parish that are not able to be served using this particular methodology. The Parish is looking forward to hosting the second part of the course in June, 2022, completing the formation of several catechists and enabling them to be lead catechists in the Level I Catechesis of the Good Shepherd Atrium.

2. Expected results/benefits of the ministry's project:

(How will project be evaluated? How many people will be served? Anticipated long-range benefits? How will project benefits be shared with others?)

Risen Savior Parish anticipates the return of the fourteen adults who participated in the first part of this formation course. Twelve individuals from the Diocese of Sioux Falls received the first part of this formation course, seven of whom are Risen Savior Parish parishioners. Of the remaining five individuals, two are employees of Saint Katharine Drexel Catholic School in Sioux Falls, two are Saint Lambert parishioners, and one is a parishioner at the Cathedral of Saint Joseph. Those from outside of the Diocese came from the Diocese of Rapid City and the Diocese of La Crosse, WI. There are several individuals in the Diocese of Sioux Falls that

did not participate in the first part of the formation course hosted at Risen Savior Parish, but they are considering attending the second part of the formation course (they received the first part of the formation elsewhere).

When assessing the possible impact that this formation course may have, one must consider many different angles from which the benefits of this course may be viewed. Early in his episcopacy, Bishop Donald DeGrood received a vision from God for the Diocese of Sioux Falls: Lifelong Catholic Missionary Discipleship Through God's Love. In order for one to have a missionary outlook, one in which they desire to share the gift they themselves have received, one must first "receive" the gift themselves. In this case, in order for one to be an effective missionary of Jesus Christ, they first must encounter Him and become a disciple. While being trained in Catechesis of the Good Shepherd does equip one with many of the tools needed to transmit the faith in a very particular and effective way, Catechesis of the Good Shepherd formation courses intentionally are very retreat-like in nature, providing a very suitable environment for the deepening of each catechist's own personal relationship with God, a deepening that is fundamental for every missionary. Catechist formation is both instructive as well as experiential, captivating both the head and the heart. It is a holistic approach for the adult, enriching the adult in a background of scripture and liturgy, Catholic theology and prayer, as well as the pedagogy of the young child. Catechesis of the Good Shepherd courses truly embody what "formation" ought to be, according to the new Directory for Catechesis. The text states, "...The work of formation acts as a *transformation*

of the person, who internalizes the evangelical message existentially and in such a way that it may be light and guidance for his ecclesial life and mission” (Directory for Catechesis, ¶ 131).

Once formed in this methodology of catechesis, catechists are able to share what they have received with the children entrusted to their care. Those formed in Catechesis of the Good Shepherd are able to implement some of what they have learned in their own homes and with their own families, as well as serve as a catechist in an Atrium. Risen Savior Parish currently has over two hundred fifty children enrolled in their Faith Formation program that they would like to serve using this method of catechesis. The major factor inhibiting the growth of Catechesis of the Good Shepherd at the Parish is the lack of trained catechists. At the parish level, if even a handful of catechists are trained, dozens and even hundreds of children can be served! If implemented in a school setting, such as at Saint Katharine Drexel Catholic School, hundreds of children are able to be served by only one or two trained catechists! It is hard to project the long-term impact that hosting this formation course may have. Once a catechist is trained, that formation stays with them. Each catechist may serve dozens and even hundreds of children.

3. Financial analysis of project including how project is included in budget: (You may wish to attach a proposed budget for income and expensing of this project's direct costs.)

- Course Formation Leader Fee (Level I, Part II Catechesis of the Good Shepherd) = \$2,000
- Mileage = \$468
 - 800 miles X 58.5 cents / mile
- Lodging = \$1,024
 - Roughly \$128 per night X 8 nights
- Meal Stipend = \$210
 - \$30 per day
- Snacks for Training = Roughly \$200

The cost of hosting this portion of the training will be roughly \$3,902. We are requesting \$2,468 from the Catholic Community Foundation to cover the Formation Leader fee and mileage, helping to alleviate the financial burden of this training. If funding is not received, we will need to charge a course fee to non-parishioners wishing to attend this course. The vast majority of those being trained will serve in the parishes and schools of the Diocese of Sioux Falls, so any financial assistance we receive from the Catholic Community Foundation will greatly benefit Risen Savior Parish as well as other faithful Catholics in Eastern South Dakota.

4. Alternative sources of current and future funding (be certain to note the status of other requests that have been made):

As the Parish looks to expand its capacity to serve more children using Catechesis of the Good Shepherd, catechist formation is essential and paramount, but it is only “one piece of the puzzle”. Extensive efforts have been made to construct the Atria at Risen Savior Parish. Because this request is to help fund part of a Level I formation course, more specific information provided here will pertain specifically to Level I Catechesis of the Good

Shepherd at Risen Savior Parish.

The Coordinator for Catechesis of the Good Shepherd at Risen Savior Parish spent several months raising funds to begin the implementation of Catechesis of the Good Shepherd at the Parish. She worked extensively with the Knights of Columbus, as well as with the Parishioners to construct a Level I Atrium. Dan Mostek, the Grand Knight for their local Knights Council, aided their efforts by asking his men to step up to help with woodworking for the Atrium. \$1,600 was received in monetary donations from parishioners for the Atrium. A record of this can be requested from Carol Nelson, Office Administrator. Material donations from parishioners for the Atrium totaled approximately \$3,000. A detailed list of the items donated and the prices of those items can be provided upon request. Parishioners also sewed different materials such as chasubles, vestments of the priest, altar cloths, purificators, child-sized aprons, table cloths, etc. with a value of approximately \$300. Parishioners, including our local Knights of Columbus members, constructed roughly \$9,600 worth of wooden materials for the Atrium. This figure comes from how much it would have cost to purchase the materials that these woodworkers constructed. Again, a detailed list of the woodworking donations we received is available upon request.

Currently, Catechesis of the Good Shepherd USA has nationally sanctioned trainings and Atria for infants and toddlers through 12-year-old children. Catechesis of the Good Shepherd recognizes that there is no human person too young or too old to be a Catholic Christian disciple of Jesus Christ. The materials used are also fruitfully being used in nursing homes and care facilities with the elderly. This in no way degrades the dignity of the elderly, but simply presents the truths of the Catholic Faith in Scripture and Liturgy in a very tangible, essential, and beautiful manner. Catechists are also experimenting with materials that are suitable to the developmental stage of adolescents. Regardless of a person's age, the Catechesis of the Good Shepherd aims to strengthen the relationship of love, already present in a soul, between the soul and God. With the foundation of loving encounters with our Lord, people then cannot help but share with others Him whom they love. Knowing this, Risen Savior Parish has already constructed a Level II Atrium and is sending a catechist to an Infant/Toddler Catechesis of the Good Shepherd Training in April. As the Parish continues to expand their ability to serve those to whom the Lord entrusts to them, your assistance of \$2468.00 would contribute significantly in helping the Parish and others in the Diocese in the formation of lifelong, Catholic, missionary disciples through God's love.

5. Expected date of project completion:

The formation course will be completed on June 15th, 2022.

6. Does the organization agree to submit a progress report if a grant is paid?

Yes, we agree to submit a progress report if we receive a grant from the Catholic Community Foundation.

All applications must be submitted to the Catholic Community Foundation by: March 1 or September 1. Please email Application & any additional information to mbannwarth@ccfesd.org or mail to:

St. Vincent De Paul Award Progress

To whom it may concern:

We wanted to thank you for the generous grant towards Saint Vincent de Paul of Immaculate Conception. We are forever grateful for the tremendous gift that is going forward to help those who are struggling. The generosity has helped in so many ways that I will list down below.

With the \$1,250 we received, we were able to print out brochures to distribute to those who need the hot line number to request assistance, obtain donations from people, and to help spread the message of what Saint Vincent de Paul does. I will email a copy of the brochure we use over to Mike Bannwarth for the Catholic Community Foundation to view and to get an insight of what we do as an organization.

We were able to obtain a donation box as well as per the grant request and being able to obtain donations from the congregation of Immaculate Conception Parish. With the funds we will be able to spread the generosity of the parishioners back to the community of Watertown to help guide them to a lifestyle that is more happy, healthy, and holy.

The other part of the grant request was to help those struggling. I have an instance where we saw the face of Christ in people that were helped by Saint Vincent de Paul. We had a gentleman who needed assistance with rent. It was awhile since he had gone to church and he was baptized and confirmed Catholic but went to different churches in his life. He still prayed but didn't go to any church at the time. He asked for help and were able to help him out in his time of need. He wanted to pay us back the money we provided in rent. The individual that was on the home visit with myself told him he could pay us and himself back by attending our services. The following Sunday, we saw him in the congregation and it was a true blessing to see him being filled.

The generosity of the Catholic Community Foundation for Eastern South Dakota is appreciated and we are happy that you supported Saint Vincent de Paul of

Immaculate Conception and the Watertown community. With the grant we will be able to continue to help those who are struggling and help them into a better lifestyle not only with their physical needs but their spiritual needs.

God Bless from all of us from Saint Vincent de Paul-Immaculate Conception

Sincerely,

Ryan Hanten

President

SOCIETY Mission...

"A network of friends, inspired by Gospel values, growing in holiness and building a more just world through personal relationships with and service to people in need."

I was hungry

I was thirsty

I was a stranger

Yet, you cared.

"Amen, I say to you, whatever you did for one of these least brothers of mine, you did for me."

Matthew 25:40

**SOCIETY of
SAINT VINCENT de PAUL**

Who Are We?

Inspired by Gospel values, the Society of St. Vincent de Paul, a Catholic lay organization, leads women and men to join together to grow spiritually by offering person-to-person service to those who are needy and suffering in the tradition of its founder, Blessed Frederic Ozanam, and patron, St. Vincent de Paul.

Blessed Frederic Ozanam

Saint Vincent de Paul

The Society of St. Vincent de Paul provides assistance for individuals and families that live within the parish boundaries of Immaculate Conception Parish. We assist people and families in zip code 57201. The Vincentians of Immaculate Conception reach out to local files and individuals through home visits in order to develop trust and understanding of their person situation and needs. During visit, we share useful information on other local community services and resources which may provide additional assistance.

Why Should I Become A Vincentian?

The Society of St. Vincent de Paul is easy to join! There are no special qualification other than the desire to join others to help those in need for the love of God.

- **Attend Monthly Meetings**
Vincentians meet twice every month.
- **Take Calls For Service**
Vincentians take turns being on-call to receive calls for service. They evaluate the request and notify the appropriate Home Visitation team.
- **Home Visitations**
Visit clients in their homes with another Vincentian. Listen and assess their needs providing financial and/or other assistance as needed.
- **SVDP Scholarships for IC School**
Raise funds to help students and their families who are in need of tuition assistance for Immaculate Conception School.

Naomi Project Award Progress

Report for Catholic Community Foundation of Eastern South Dakota

Thanks to the grant from the Catholic Community Foundation of Eastern South Dakota, Naomi Project was able to equip leaders from Brookings, Yankton, Vermillion, Flandreau, and Watertown to identify and report the indicators of labor trafficking. These efforts have resulted in additional opportunities to equip even more people to identify and report labor trafficking such as a presentation to the staff of Brookings Health System coming up on May 4th.

In addition to equipping leaders, Naomi Project has been successful at identifying more survivors of labor trafficking and helping these people report what happened to law enforcement. Since November, Naomi Project has accompanied labor trafficking survivors in reporting their trafficking to both the Department of Homeland Security Homeland Security Investigations and the FBI. These interviews have resulted in the opening of three separate investigations into labor trafficking activity.

Inviting vulnerable workers to join us for soccer was the key strategy in building relationships and learning about what was happening with an employer of interest. Naomi Project first got the wage and hour investigation involved which is now in the process of negotiating a \$350,000 unpaid wage claim against the employer. When we spoke last week with a federal agent about what workers had shared with us about threats and intimidation they suffered, that federal agent asked us when he might be able to interview those workers.

This work would not have been possible without the support of the Catholic Community Foundation of Eastern South Dakota which allowed us to hire one of our members who is a survivor of labor trafficking, Ervin Donis. Ervin leads our Thursday night soccer outreach and has played a crucial role in moving forward the labor trafficking investigation against that restaurant and against the large construction company. Initially we had planned to hire two other members of Naomi Project for this work but the wife of one of the members ended up in the hospital on a ventilator with COVID for almost fifty days. While the wife survived, the circumstances made it impossible to hire this person for this work or to hire his business partner who is also a survivor of labor trafficking for this work as his business partner had to shoulder additional responsibility in his partner's absence due to the wife's illness.

The Avera Behavioral Health Clothing Closet officially opened in a new, permanent space in early March to coincide with the opening of the Avera Helmsley Behavioral Health Center. The primary function of the Clothing Closet is to provide new clothing to patients coming to the facility. As patients come to the facility from many different ways – self-referral, homeless walk in, police as an alternative to incarceration – they do not always pack a suitcase prior to admission. The Clothing Closet bridges the gap and provides immediate relief and comfort to aid in the healing process.

In the past three weeks, the Clothing Closet has provided:

- 34 sweatshirts
- 30 t-shirts
- 38 pair of sweatpants
- 2 pair of shoes
- 6 bras
- 3 pair of socks
- 2 pair of gloves
- 2 hats
- 19 pair of underwear

While there have been many immediate success stories, one rose to the top as being truly impactful. Natasha Sundlet, project coordinator, wrote, “We had a homeless man who came to the nurse’s station and asked for several pair of socks as he came in without shoes and it was a cold, rainy day. We explained that we had a supply of shoes and would be able to provide him with new shoes upon discharge. He was moved to tears and repeatedly expressed his gratitude. When provided with the shoes he beamed and said he couldn’t remember the last time he owned a pair of shoes that were brand new.”

As the project continues to grow and serve more needs, Avera Behavioral Health is extremely grateful to the Catholic Community Foundation of Eastern South Dakota for your support of this vital need as we seek to meet the core needs of our community the Avera way, with: compassion, hospitality, and stewardship.
